TARC Top 101 Finalists

The Team America Rocketry Challenge (TARC) kicked off its twelfth season in September 2013. Seven months, thousands of rocket launches, and a few broken eggs later the field of more than 700 teams has been narrowed down to 100 finalists. This year, one additional team has been invited to participate in the national finals in recognition of their efforts to spread the word about TARC and the importance of STEM education to their peers and community - brigning the total to 101 teams advancing to the final fly-off.

Teams were allowed to conduct a maximum of three qualification launches; however, thier score was determined by the sum of thier best two flights. In a competition where the lowest score wins, the cutoff score to make the finals this year was 54.12.

The finalists for TARC 2014 come from 25 states and the U.S. Virgin Islands. The teams represent schools and organizations from across the country and include 4-H clubs, a civil air patrol squadron, a girl scouts troop and a team made up of home schooled students. These teams will square off to determine a <u>national champion on May 10, 2014 at Great Meadow in The Plains, Virginia</u>.

National finalist teams will each receive an email explaining the next steps for accepting an invitation to the National Finals.

Should you have any questions about TARC, please contact Audrey Murphy, Manager of Corporate Events at audrey.murphy@aia-aerospace.org.
